Softbox Snapgrid

Patent pending

No tummy.

No wearout.

No hassle.

Always tight.

Even upside down tightly stretched thanks to the innovative Snapframe – directly integrated in the softbox grid.

Extremely durable.

Louvers easily get damaged over time. That's why DoPchoice developed its own highly durable fabric: Made in Germany.

Revolutionary easy.

With the integrated DoPchoice Snapframe it's a matter of seconds to install the softbox grid.
